

Income Tax Yield Grows

*** \$205,865 To Date Is \$13,151 More Than '62

Salem city income tax revenue for the first nine months of the year is \$13,151.71 above the total for the same period of 1962. Auditor Helen Coyne said today.

Total for the first three quarters of this year is \$205,865.34 with the third quarter total being \$50,845.27. The total for all of '62 was \$197,848.42.

A breakdown of the first three quarters income, with the third quarter figure in parenthesis shows \$166,335.07 (\$19,931.35) is transferred to the capital improvement fund.

quarterly payments on business declarations, \$18,651.40 (\$2,532.17) in quarterly payments on individual declarations and \$175 (\$20) in penalties.

Refunds for 1962 totaled \$1,957.64.

Of the total amount collected two per cent or \$4,117.31 (\$1,016.90) is used for income tax fund department and maintenance, 58.8 per cent or \$121,048.82 (\$29,897.02) is transferred to the general fund and the remaining 39.2 per cent or \$80,699.21 (\$19,931.35) is transferred to the capital improvement fund.

The entire amount spent for the first ten months for operation of the income tax department was \$5,947.65.

Foreign Aid Bill

Weathers Fight

But Long Siege Appears Ahead

WASHINGTON (AP)—A long siege appeared ahead today for the \$3,817,365,000 foreign aid bill after weathering its first Senate battle enlivened with angry sniping.

Republican Leader Everett M. Dirksen shook his head at the prospects. He envisioned senators "in their red flannel pajamas" sitting with their grandchildren in front of the tree Christmas Day and muttering to themselves: "We didn't finish foreign aid."

Democratic Leader Mike Mansfield saw no quick finish either.

"It looks like we're in for a long siege," he said.

The Senate inched ahead Friday by rejecting, 46 to 29, a motion by Sen. Wayne Morse, D-Ore., to send the foreign aid measure back to the Foreign Relations Committee for major surgery.

"The fight has just started," Morse, a leader of the foreign aid revolt, said afterward.

Dirksen, however, called Friday's vote a "pretty good test."

He told newsmen the final bill "will be reasonably close" to the compromise amendment he and Mansfield offered Thursday when they proposed a \$385-million reduction in the \$4.2-billion bill reported by the Foreign Relations Committee.

Dirksen ridiculed Morse's suggestion that something might be accomplished by a second look by a committee which had the bill since the middle of June and held 18 markup sessions.

Morse's motion would have instructed the committee to report the bill back no later than Nov. 8. Dirksen noted, but then the Senate still would have to deal with a batch of amendments Morse has proposed.

More than 50 proposed amendments await action.

Fire Hits Garage On Newgarden Ave.

Fire of undetermined origin did extensive damage to the rear and second floor of a garage at 855 Newgarden Ave., owned by Charles Greenamyer of 565 Columbia St.

Mrs. Kathleen Quinn, who lives at the residence, said she was alerted at approximately 9:05 p.m. by a neighbor and reported the blaze to the fire department.

When firemen arrived at the scene the flames had spread to the second story of the old wooden structure. Firemen were unable to fight the blaze on the second floor because of the weakened condition of the building.

The garage was used primarily for storage and the contents which were destroyed were of little value, Mrs. Quinn said.

Fireman Robert Gibson, 29, of 961 Franklin St. was treated and released at Salem Central Clinic where he was taken after getting dirt in both eyes while fighting the blaze.

Kansas City Democrat Victim

Would-Be Political Boss Is Murdered

KANSAS CITY (AP)—Joe Tigerman was the prototype of the would-be political boss who never quite became boss. He had a promotion three years ago that someone would gun him down. Friday someone did.

Tigerman, 54, was shot three times as he sat in the office of his used car lot.

The fast-talking Tigerman, a Democratic faction leader, was deep in a political campaign that day three years ago when he suggested to three luncheon companions that he might encounter violence.

He tossed a typewritten statement to one of them and said: "That's my statement in case anything happens to me. I'm not, brother, I'm hot."

The statement, made public after his death, said in part: "The muscle is on the move, and either they feel this is the big moment or they're scared, and when punks get scared they're too stupid to think things out....

"They have put out the word to pistol-whip some of the less faithful in line and, in my case, to gun me down....

"Lately...the threats have been a lot more blunt."

The man who preserved the statement declined identification.

Still on Tigerman's body when two of his automobile salesmen found it were \$2, a ruby ring, a diamond ring and a wrist watch.

Tigerman was active in politics in the days of Tom Pendergast and spoke fondly of the city's political boss of the 30s. Pendergast helped him after he pleaded guilty as a youth to two interstate auto theft charges.

Tigerman's penitentiary sentence was suspended.

Every Labor Day Tigerman threw a picnic for Jackson County Democrats and the events always were well attended.

In 1950 Tigerman was named as a bookmaker by a federal grand jury. In 1947 he was indicted with more than 100 others for vote fraud, but was not convicted.

Elsa Maxwell, Famed Party-Giver, Succumbs

NEW YORK (AP) — Elsa Maxwell, the hostess to royalty whose humble beginning made her the most unlikely modern-day climb to the top of the international social ladder, died Friday night at the age of 80.

Miss Maxwell succumbed to a heart ailment in New York Hospital only a few days after she was taken there a semi-invalid.

Her death was noted by the millions from all walks of life who knew and loved her, and by her legions of critics who over the years of her reign as the world's greatest party-giver fell victim to her tart tongue.

Almost to the end Miss Maxwell lived her life to the hilt, having made her last public appearance at the April in Paris Ball in a Manhattan hotel only last week.

She was brought to the ball in a wheelchair.

She wrote of her friends in the glistening social world in a gossipy newspaper column for the New York Journal-American.

Thus has ended a life dedicated for many years to overcoming what Miss Maxwell found at the age of 12 to be the snobish restrictions of high society.

She once was told that her family was too poor to warrant her being invited to a party in California.

"I made up my mind I would give great parties all over the world," she later recalled—and she did.

Soon after she completed her climb to the top rung of the social ladder, Miss Maxwell's attitude seemed to change from

Deaths of Viet Nam's

Diem, Nhu Reported

SCENE AFTER INDIANAPOLIS EXPLOSION—Scores of dead lie on ice of Indiana State Fairgrounds coliseum Thursday after explosion ripped through building during ice show. The blast killed 62 and injured 385.

New Government Led by Buddhists

TOKYO (AP)—Military rebels in Viet Nam announced today the death of President Ngo Dinh Diem and his brother Nhu, and proclaimed a new government led by Buddhists.

Some accounts filtering from South Viet Nam's capital — where thousands danced joyously in the streets — said the Ngo brothers committed suicide, others that they were shot to death.

Suicide Reported Broadcast

Suicide was the story broadcast by the rebel-held Radio Saigon.

This terse account, as pieced together by diplomatic sources in Bangkok and in Washington, was that the 62-year-old chief killed themselves upon being captured after once escaping military custody.

A Bangkok diplomat said the two were reported to have swallowed poison on the way to jail in an armored car from a church in Saigon's Chinese quarter where they had taken refuge.

There was no independent confirmation. Some diplomats wondered whether the two would have so breached their Roman Catholic faith as to take that way out, for the church condemns suicide.

The leader of the coup was Gen. Doung Van Minh, 47, a Buddhist. A civilian and former vice president, Nguyen Ngoc Tho, was named provisional president. As the ranking Buddhist in the Roman Catholic Diep government, he was a leader in the campaign to conciliate South Viet Nam's angered Buddhist majority.

It was Diem's treatment of the Buddhists, capped by the government's August raids on

After Truce Goes Into Effect

Algeria, Morocco Troops Trade Fire

ALGIERS (AP)—Seven persons were killed and 12 others injured in four two-car collisions on rain-slick highways Friday afternoon within a 20-mile radius of Cleveland.

Three teen-age boys died in a smashup at an intersection on U.S. 32 in Claridon Township, Geauga County.

Two members of a Parma family were killed and another injured critically in North Royalton.

An elderly Lorain woman died in an accident in Shefford Lake, two miles east of Lorain, in which her husband and another man were injured.

"My men observed the ceasefire until attacked," said Col. Mohammed Hadda. He said his men evicted the Algerians from the oasis Friday.

The ceasefire, negotiated at a four-nation conference in Bamako, Mali, earlier this week, went into effect officially at midnight Friday.

Both King Hassan II of Morocco and President Ahmed Ben Bella of Algiers promised to observe the truce and allow a commission set up at the Bamako conference to supervise their Sahara border dispute.

Moroccan and Algerian troops remained dispersed along a 550-mile belt of the disputed area

from Tindouf, an ore-rich town in the southwest, to Figuig, 15 miles south of the Mediterranean.

Hours before the midnight deadline, each side accused the other of violating the peaceful

First Rule of Duck-Shooting

According to current news from Washington, a secretary of the navy left his job suddenly when he used official stationery and status to move along a banking deal.

The secretary of the Democratic majority in the Senate, which has been a fixture in recent years, was caught with his fingers wedged so tightly into a jam-pot he didn't try to get them dislodged when a Republican senator blew the whistle. He just quit his job.

Representatives and senators, sensing what is likely to come out of the investigation of the Senate functionary—a Lyndon Johnson protege—are looking into closets and under beds to find out in how many places they may prove to be vulnerable.

Vulnerable to what? Vulnerable to the good gray rule that all power corrupts and absolute power corrupts absolutely.

DEMOCRATS have been running Congress, with one brief exception, for a generation. They have had nearly absolute power.

Since 1960 they had had absolute power in the executive branch.

Area School Levies

If it were not for tax levies, which provide much of the general operating revenue, most nearby Columbian and Mahoning County schools would soon be forced to close.

At least nine school districts in the Salem News circulation area will have vital tax levies up for a vote at Tuesday's general election, and in all but one instance the levies are for renewals, plus small additional ones which are necessary because of reduced state funds and mounting operational costs.

Most voters will sanction these important issues, whether they happen to be proud residents of the West Branch School District, the United district, Lisbon, Fairfield-Waterford, Greenford, Columbian, Beaver Local, Southern Local or Western Reserve.

Purely Personal

I think it's silly to talk as if West Germany's new chancellor and the Kennedy administration could keep President De Gaulle from turning France into a "third force." The deed has been done. People's Republic of China against the U.S.-U.S.S.R. axis, now being toolled out by diplomacy.

Adolphe Menjou was one of a few men in show business who could make savor fair seem plausible, instead of a forced and artificial stunt.

Everybody had his own peeve about the freak weather, but mine was about the dust that swirled endlessly during the drought, settling on cars, window sills, leaves, filtering through screens and even through closed windows.

I wonder how performers panned for lousy TV shows and plays keep their composure when they must keep going, though knowing they have been consigned to the trash barrel.

A great deal of what I do not admire in human nature is embodied in the single act of sweeping sidewalk litter into the street, instead of stowing it away out of sight—irresponsibility, contempt for others and failure to think through the consequences of an act.

One of our office word doodlers points out that if worse comes to worse in South Viet Nam the signs could be change to So-Viet Nam and a lot of money could be saved that way.

I expect this will cause muttering among some of my favorite people, but I never have seen a nurse whose feet look attractive in those white gunboat shoes the nursing profession goes in for in the

There has been time for a mess in Washington to develop.

Now the time is at hand for Republicans to call attention to what has developed. Partisan politics is warming up for the 1964 election.

The function of the political opposition is to oppose and one way to oppose is to put the party in power on the defensive. It must be held answerable for its stewardship.

Democrats swarmed over Sherman Adams when they were able to tie him up in that famous overcoat. Republicans swarmed over the "Deep Freeze" and mink society that flourished in Washington during the Truman administration.

Representatives and senators, sensing what is likely to come out of the investigation of the Senate functionary—a Lyndon Johnson protege—are looking into closets and under beds to find out in how many places they may prove to be vulnerable.

Vulnerable to what?

Vulnerable to the good gray rule that all power corrupts and absolute power corrupts absolutely.

There are no exceptions; no administration is immune; no party can expect to go unscathed if it permits abuses of power.

It is the turn of the Democrats again. Subject to the rule that all power corrupts and absolute power corrupts absolutely, they should be ripe for scandal.

And subject to the rule that in duck-shooting the way to hit the duck is to aim ahead of it, the last few months of 1963 are the right time to hit the target in 1964.

Night Riders

Bicycle riders pedaling their way along darkened streets at this time of the year present a real hazard.

Along highways it's even worse because motorists' eyes often are "blinded" by the headlights of approaching cars.

And, although police earlier this week warned bike owners to use extra caution, several near-accidents have been reported by drivers who spotted a bicycle just in time to avoid what could have been a fatal accident.

Parents should warn their children not to use their bikes at night unless properly lighted. Red reflectors alone are almost useless.

name of comfort.

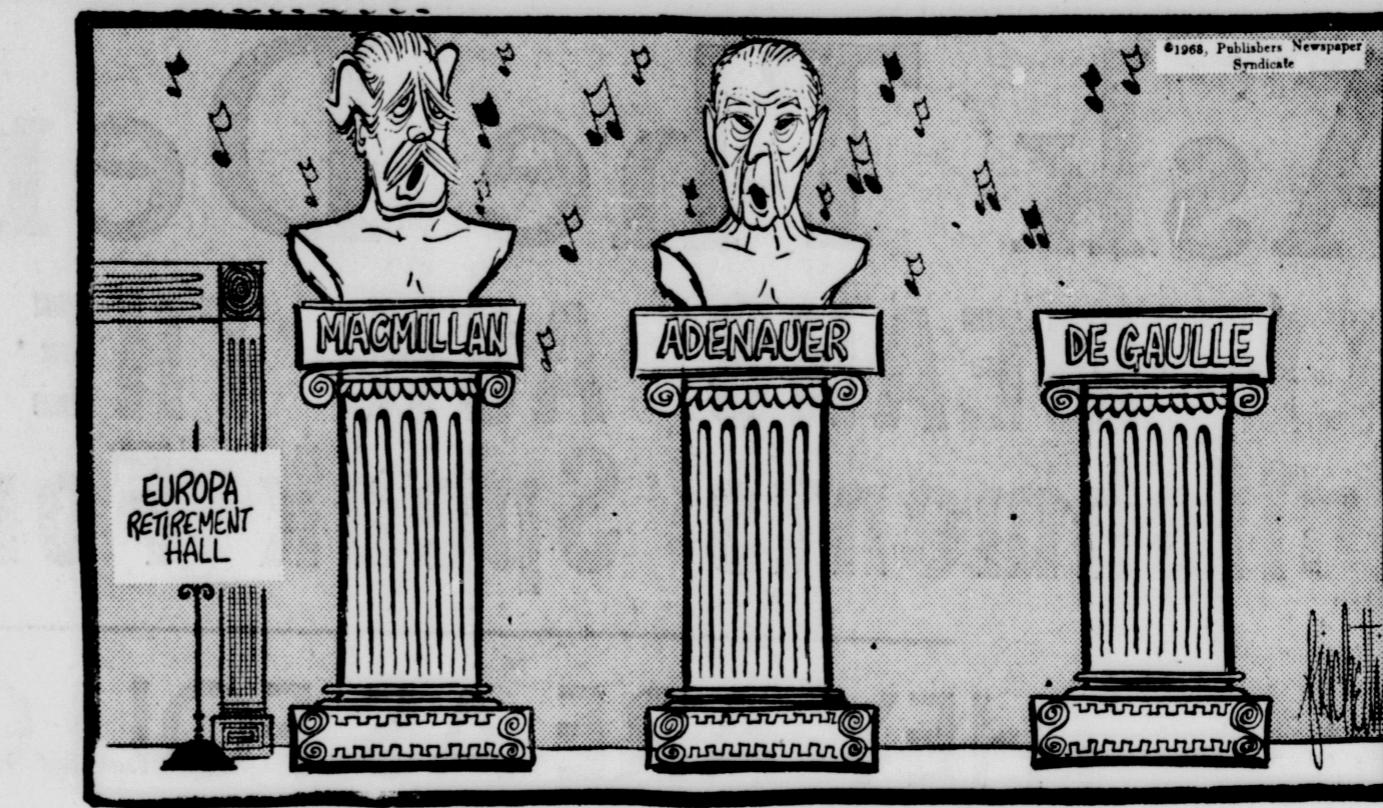

Most of us innocents abroad wouldn't know financial skullduggery if we had a picture of it, but when we hear about the way public money is shuffled and juggled we begin to think we have a rough idea of the way it works.

I am having fun asking people who tell me they are fighting communism to spell out what they think communism is, because what they describe is not communism but despotism, which is what all loyal sons and daughters of Yankee Doodle have been fighting, even when it was being practiced under the mealy-mouthed name of divine right of kings, courtesy of George III.

Apropos of the great wheat deal with Russia, which may fall through, I can see no reason for elation on grounds it will hurt Russians. I was whooping up the deal for another reason entirely—to get a substantial fraction of a billion bushels of surplus wheat off the body politic of the United States.

Anyone who ever participated in sports can spot the cockeyed reasoning in the allegation that the Cleveland Browns collapsed in their second meeting with the Giants because they lacked spirit. They collapsed because they were trying so hard not to collapse they couldn't keep from collapsing. They tightened up.

Book-burners itching to run amuck in Columbus schools were cooled off in a hurry when School Supt. Harold Eibling refused to break and run and stood by his literature teachers and librarians, instead. All credit to him!

People Are Fed Up

By VICTOR RIESEL

Strike-fever has been seeping around the edges of America's only "moonport." This base, from which the first trip to the moon is scheduled to begin in some six years, is on Merritt Island, at the end of a causeway near Cape Canaveral. The vast Earth depot is under construction although 11 rail unions have been threatening to tie up the work as they did some six weeks ago. They've delayed their strike action. Nonetheless, the other day pickets strode before one of the moon base entrances.

However, the pickets were not from the 11 strong rail unions, but from a tiny outfit known as the Florida section of Chicago's Local 666 of the International Alliance of Theatrical Stage Employees (IATSE). They also picketed Cape Canaveral and Patrick Air Force Base. There was much comotion in that section in that section—and in White House and Labor Department circles, not to mention the Pentagon and the National Aeronautics and Space Administration brainstorming centers.

For some time now Local 666 has had a good record. It has observed the Cape Canaveral no-strike pledge.

In past crises the stagehands' national leader, Dick Walsh, has come down personally and kept negotiations going for as long a three days and three nights.

cause it took President Kennedy's personal intervention to keep the powerful rail brotherhoods from tying up the supply lines to the "moonport."

Now along comes a unit of 95 cameramen and throws up seven picket lines. Some construction workers and the sister stagehands' Local 780, which is made up of special camera reporters, respected the lines. In all, there were 180 men out.

These are the technicians who are responsible for a filmed case study of each rocket and missile, each go-round of the astronauts.

The cameramen see to it that IGOR—the Tracking Telescope Instrument Optical Recorder—and ROTI—the Recording Optical Tracking Instrument—operate and bring back good film when recovered at the moon.

These are instruments which provide photographic memories of events on missile flights occurring beyond seeing limits of shorter focal length motion picture systems.

Blast At De Gaulle

the chairman of the Foreign Relations committee of the Senate is privileged to speak in behalf of any of the Allied governments.

When the leader in the French or British Parliaments makes a speech, he is talking as the head of both the government and the legislative branch but in the United States, where Congress and the executive are separate institutions, it has always been taken for granted that communications to other governments would be handled only by the president or the secretary of state.

Sen. J. W. Fulbright, D-Ark., who is chairman of the Foreign Relations Committee, so they will be more pleasing to the United States government.

Another surprising thing about the speech is that it was given on Oct. 30, but discussed statements made by President de Gaulle at news conference on July 29 last. It thus has the appearance of a carefully prepared attack, which may have been assigned to Sen. Fulbright to carry out.

This will not assist in the solving of difficulties between the United States and France. In fact, within the last 24 hours, word has come from Paris that President de Gaulle has abandoned any idea of visiting the United States during the next several months, as had been previously reported.

Perhaps the most extraordinary part of the Fulbright speech is that in which he directed his remarks at President de Gaulle personally. Chairman Fulbright said:

"It's on this level of practical cooperation that French policy has been deeply disappointing to France's allies. It's a policy which, if long continued, could lead to the disruption of the Western Alliance, not by open repudiation but by abnegation in detail."

THIS IS A very serious charge to be leveled at the head of a government allied with the United States. But more surprising is the statement that France's policy has been disappointing not only to the United States but to France's other allies.

This will be disputed to some extent in Europe, but in this country it will be wondered why

in this same speech the Arkansas senator made a reference to France's unpaid debt from World War I to the United States. The total still unpaid, together with interest, amounts to more than \$6 billion, of which \$3 billion was due as of June 30, 1963. Mr. Fulbright referred to it as a "default since June, 1933."

IN 1948, President Harry Tru-

Local 666 strike. He notified the authorities—and the national labor leadership—that little could be done because the walkout was unauthorized by his national office in New York.

There has been a change in mood. The cameramen negotiate with their employer—Radio Corp. of America (RCA).

The current bargaining has

been going on for three months. There were some 35 issues put on the table by the local union.

Few, if any, have been taken off by the labor side.

Yet these cameramen and technicians, who also develop and interpret some of the high-flying film, are among the establishment's highest paid employees. Their base pay ranges from \$160 to \$188. This does not include bonuses and special pay and overtime rolled up when they go down the range, up in helicopters and to the boon docks and remote island stations.

They work far more steadily than their fellow members in the IATSE locals whose jurisdiction is earth-bound entertainment.

Yet they hit the picket line, despite the sensitivity of their work and the international significance of the Apollo moon project.

THE SEVEN picket lines are

not the only sign of their changed mood and new militancy. They also are interested in organizing other cameramen

Small wonder there is growing sentiment among the public for compulsory arbitration of critical labor disputes.

Europe would be spared."

MR. FULBRIGHT insisted

that EUROPE, including France, must commit itself to a unified defense of the West. He added that, while the United States is committed to such a defense, "this does not mean that it cannot be driven from Europe." He declared:

"If our partners pursue protectionist trade policies and decline to carry a proportion of the military and foreign aid their resources, the United States will be left with no choice but to reduce its commitments."

This is, to say the least, a most unusual commentary on the policies of an allied government and specifically on the attitude of the head of that government. Certainly it doesn't make negotiation easier, and it's an undiplomatic way to conduct the foreign relations of the United States.

The question also arises whether it makes superfluous the two American ambassadors in Paris—one accredited to the French government and the other to the North Atlantic Treaty Organization.

Word About Mrs. McKibbin

Mrs. Dorothy McKibbin, whom your newspaper endorsed for the Salem Board of Education, was not a member of the "Citizens for Charter Committee." In fact, she was chairman of the anti-charter organization.

She helped to organize the group that opposed the charter and, in my opinion, was much responsible for defeat of the issue and thus prevented local government from taking a step forward toward better over-all municipal government.

D. Norman Eckfeld,

1849 Southeast Blvd.

Editor's Note: Mrs. McKibbin was a member and secretary of the original "Citizens For City Charter," formed Aug. 16, 1960, and spoke before clubs on behalf of the charter plan. However, she was not one of the 12 elected later to draft a proposed charter for the city.

There are times, and there are defense and scientific efforts, which require the easing of normal trade union practices. The Merritt Island project is one such national endeavor. We don't want to get to the moon only to discover that we have to go through Soviet customs there.

"Plug" For Mr. Kendall

May I say a word in behalf of Bryce Kendall, my law partner, for election to the Board of Education?

Mr. Kendall, upon coming to Salem in 1950, immediately entered into life of the community in civic and church activities and has furnished leadership in March of Dimes drive and in establishing the mental health program that Columbian County now has.

Recently his principal community effort has been as a member of the school board where he has devoted many hours per month not only at meetings but, more important, study and preparation between meetings in the effectiveness of the educational process for children. Such service should not be overlooked.

Alfred L. Fitch,

999 Jennings Ave.

Well-Qualified, Claim

When men of the calibre of Gail Herron and Bryce Kendall are willing to serve in public office with no thought of public gain, their qualifications should not go unrecognized.

I have served on the Board of Education with these men and each in his own particular way has contributed immeasurably to the welfare of our school system. They also have given of their time on civic and welfare committees and their conscientious application to our school problems has been just as faithful.

Salem schools, and many others, are today faced with all the problems of finances, buildings, salaries, maintenance, etc., and it seems to me that the countless hours of past experience with our own school system and policies, together with the knowledge gained by these men, should not be carelessly ignored.

At Least 9 School Districts Counting On Levies Passage

By LENN SCHOTTEN

Many district schools, with crucial levies coming up for public vote at Tuesday's elections, have been like a peg-legged pirate, running a race, who suddenly loses his artificial member. Some feel like the financial pins have been knocked out from under them.

This aftermath of the reappraisal and rising valuation of district lands and properties has left some of the schools reeling financially as they have seen expected money shoved off the gangplank and into the "drink."

Some schools have lost or expect to lose \$20,000 or \$30,000 or more yearly because the state offers less support for schools as property valuation increases. Some schools are hurting much worse than others but this unanticipated loss is at the root of most of the levies.

"We're getting a little more money locally since the reappraisal, but the loss from the state is really hurting us," said one top school official.

Here are schools and the levies they hope will be passed by voters at the polls Tuesday:

Columbiana

A three-mill levy to cover operating expenses. The yield over a five-year period will be about a \$50,000 dollars annually. The increase in enrollment has meant the addition of six more classroom teachers, the employment of seven additional service personnel at South Side School.

Curriculum has been expanded to include elementary and high school Spanish, high school German, general business, physical science, ninth grade biology, girls' health course, physical education for fourth through sixth graders, special education. A full-time art teacher was hired for junior and senior high and a full time health nurse was employed.

Columbiana's operating budget is about \$500,000.

Supt. D. W. Bailey said the schools are losing about \$30,000 from the state foundation program in the 1963-64 school year.

FAIRFIELD-WATERFORD This district, where a levy has never been known to fail, will have a three-mill levy on the ballot, 2.7 mills of which is renewal and 0.3 mills, new to pay operating expenses. It will run for five years and is expected to bring about \$39,000 annually.

The Crestview High School population has increased from 240 to 272 and speech and hearing therapy and special education have been added to services.

GREENFORD

Voters in the Greenford School District will find two school issues on the ballot: a 4.8-mill operating levy. Passage is hoped to relieve a tight money situation stemming from the loss of some \$20,000 in state funds.

Money is needed for general operating expenses such as teachers' salaries (about three-fourths of total expenses), maintenance, supplies, etc. Supt. Woodrow Bailey said money is also needed for repairs to and redecorating of the older three parts of the building, oldest of which is 36 years. "We also would like to raise teachers' salaries," Bailey said. Greenford has the lowest starting salary (\$4,000 for bachelor's degree) in Mahoning County. Each levy will yield about \$32,000. Green Local District has had an increase of about 30 students expects this annual increase in size to persist.

LISBON

Three mills additional operating levy is asked by Lisbon School District which, due to heavy debt, has needed to curtail some services. District with evaluation of some \$12 million is now indebted \$30,000 and the \$35,000 revenue from the proposed levy is expected to improve the school's financial condition and to continue present program.

BEAVER LOCAL

In serious money troubles, Beaver Local is asking for passage of a 7-mill levy, including four for general operating expenses and three to hike teachers' salaries.

Low salaries was the immediate cause of the resignation of almost one-third of the teaching staff before the new term. Executive head said four mills more is needed "just to hold the line."

Beaver Local starts its teachers with a college degree at \$3,800. Beaver schools rank lowest salary-wise of all Columbiana County schools, with a range of \$4,350 — \$5,975.

UNITED SCHOOLS

A new three-mill levy, if passed, would yield \$37,000. Another levy for six mills (5.10 mills renewal, 0.90, new) will also be voted on.

The three-mill levy is needed to recover from the loss of State Foundation support due to the higher valuation in the district, to provide funds to meet rising costs of equipment and supplies, to hire more teachers to meet increased enrollment, provide emergency rooms until permanent ones are available and keep teachers' salaries on a competitive basis.

It is an emergency levy for two years. School officials say the six-mill renewal must be passed to keep school open in 1964.

If the renewal levy does not pass, United will not be eligible for money help from the state which provided almost 60 percent of the 1963 expenses. Of the 11 school districts in the county, only three rank below United Local in tax rates.

WEST BRANCH

A renewal of a 10.1-mill levy would produce about \$23,500 annually for general operating expenses. A new 2-mill levy would produce some \$4,700 a year to be used in paying current expenses. The 10.1 mill replaces an 11-mill renewal levy now in effect since nine-tenths of a mill was dropped after the reappraisal. Extra levy is needed to pay for maintenance, supplies, etc. for the new high school.

Enrollment has increased by nearly 60 students and three additional teachers were hired. Teachers' beginning salary is \$4,300.

WESTFRN RESERVE

Renewal of 3.3-mill levy to yield about \$25,000 a year for current operating expenses. Pupil population has been jumping about a classroom a year. Total operating budget is some \$360,000 and teachers start at \$4,200.

SEBRING

Sebring schools have a \$504,000 bond issue on the ballot to provide 15 new classrooms, a library, a multi-purpose auditorium-gymnasium, kitchen, administration area and equipment for the facilities. Student enrollment has risen 100 this year. An extra teacher has been added to the faculty. Teachers start at \$4,400.

Handwork-Dickson Vows Exchanged In Church

Miss Charlotte Handwork, daughter of Mr. and Mrs. Myron Handwork of RD 4, Salem, and Richard O. Dickson, son of Mr. and Mrs. Thomas Dickson of RD 1, Edinburg, Pa., were married a 1:30 p.m. Oct. 13 in the Church of God.

Rev. G. A. Tabor officiated at the double ring ceremony, and Mrs. Norman Rhodes presided at the organ console.

Given in marriage by her father, the bride wore a gown of lace and net over satin with alternating tiers of lace and net fashioning the waltz-length skirt. A petal cap held her fingertip length veil of illusion and she carried a white Bible topped with an arrangement of white mums and ivy.

Mrs. Charles Bush was matron of honor and wore a blue chiffon ballerina - length dress and carried an arrangement of yellow mums and autumn leaves. Her headpiece was a tiny lace veil of illusion.

White candles in silver holders lighted the white covered table centered with a two-tier wedding cake nestled in greenery.

The bride is a graduate of United High School and is employed at Salem City Hospital.

Mr. Dickson attended Union Area High School at Edinburg and is a self-employed electrician.

The couple honeymooned in

North Carolina and are now residing on the Ellsworth Road.

Harolen Knight Wed In Summitville Rite

St. John's Catholic Church in Summitville was the setting for the wedding of Miss Harolen Knight and John Wargo Oct. 19, at 10 a.m.

The bride is the foster daughter of Mr. and Mrs. Richard Roberts of W. Maple St., Lisbon. Mr. and Mrs. Joseph Wargo of Summitville are the bride-groom's parents.

Rev. Fr. William A. Appell officiated at the double ring ceremony, before the altar, graced by vases of white chrysanthemums.

Mrs. Ronald Van Pelt of Salem, bridesmaid, wore a gold peau de soie gown, styled identical to the maid of honor's. She carried a bouquet of blue carnations. Each wore white feather caps.

Leonard Wargo of Summitville served his brother as best man. Ushers were Kenneth Roberts, the bride's foster brother, and James Wargo, brother of the groom.

Mrs. Roberts chose a beige lace dress with brown accessories. The bridegroom's mother wore a blue silk dress, with black accessories and each were complemented by corsages of white carnations.

A reception was held at the parish hall of St. John's church. A four tier wedding cake centered the bride's table, overlaid by pink net and decorated by silver bells and entwining lilies of the valley. White lighted tapers in crystal, enhanced the setting.

Miss Mary Ann Wargo, sister of the bridegroom, registered the guests.

The bride is a graduate of David Anderson High School and the Lewis Weinberger and Hill School of Cosmetology. He graduated from Salineville High School and is county assessor in the office of Columbiana County Auditor Kenneth Bell.

For going away, the bride wore a beige suit, trimmed with winter white fur, two-toned brown accessories and an orchid and gold mum corsage.

The newlyweds are residing at Summitville.

Hints from Heloise

— By Heloise Cruse —

Dear Gals: Have you ever heard of making your own silver cleaning pads? Well, here's how to do it.

If you have any little scraps of corduroy around the house, cut them up into two - inch squares. Any kind of soft material should do.

Put these scraps of material in an old fruit jar. Pour liquid silver polish over them and soak well. If you use paste-type silver polish, put some water in the jar first, add the paste and beat it with a fork! Then add the scraps of material, works just as well...

Cap the top of the jar and keep it handy. When you are doing dishes and find an egg-tarnished fork, etc., just pull out one of these little "soaked" squares and polish it.

Really save time in the long run. These little squares are "fantabulous" for spot cleaning silver. (Keep your silver clean daily and don't let it pile up. So it becomes a JOB!).

When you finish with the little cloth, just throw it away. It's not wasteful at all. After all it's only two inches of material and your home-made polish cloth...

HELOISE.

DEAR HELOISE: What to do with hard and lumpy powdered sugar? Just make after dinner mints!

Pour the powdered sugar in the top of a double boiler and add enough evaporated milk to make a thick paste. Add a tea-spoon of margarine and put over the boiling water (in the double boiler) until the mixture comes to a boil.

Add a little mint flavoring and some food coloring of your choice.

Remove from heat and pour into a cookie press, or roll into small balls and flatten with the tines of a fork. Let these dry on wax paper (turning after the top is dry so that the bottom will also dry).

PEGGY KENDRICK.

LADIES: I made some. They are wonderful and after a week or so even better. I made orange, mint and lemon. HELOISE.

DEAR HELOISE: To remove mildew from clothing:

Take the article outdoors and brush off any surface growth, then let it air in the sun for a while.

Launder or dry clean immediately if any spots remain. Be sure and dry the garment in

Man Fined \$25 At Lisbon For Larceny

LISBON — Daren Whitacre of Lisbon RD 5 was fined \$25 and costs Friday night by Mayor Dean Stockman for petty larceny of gasoline from the Buck-eye Coal Company truck parking lot on Maple St.

Whitacre was apprehended at

3:15 a.m. Friday with 17 five-gallon cans and two 2-gallon cans of gasoline in his car after Patrolman Richard Koffel noticed the gate ajar and investigated. Whitacre formerly drove truck for the coal company and knew where the key was placed to open lock on the gate, authorities said.

I never hang the bags on the clothesline. I lay them out flat

on the grass and let the sun dry them. Sometimes I take the garden hose and sprinkle them. Then I let them dry again.

I wash the bags again in suds to which a little bit of ammonia has been added and lay them back on the grass. All the print comes off my cotton bags this way.

SOFIA.

DEAR HELOISE: I'm a teenage college student. I live in a dormitory.

So much of the furniture in our dormitory has spots caused from water glasses, and other marks caused by spills, splatters and what have you.

We don't have too many products on hand for treating these marks, but we have discovered that we can take a pat of margarine from the dining room, wrap it in a piece of cloth (often we take an old sock) and rub the tops of all the spotted furniture. Do you know, the spots disappear.

SANDRA.

DEAR HELOISE: For those who have trouble pouring ground coffee from a can into their small canister sets... I empty the contents from a pound can of coffee into a paper sack or bag, then pour it into the canister set. The bag gives enough so that it makes an excellent pouring spout, and if one is the least bit careful they will not spill one grain.

JANE BEBABY.

DEAR HELOISE: When just the white of an egg is used I leave the yolk in half of the shell and cover it with plastic wrap and store it in my egg carton until ready to use. It's always good.

MRS. C. HOLMES.

Dear Heloise: I remove the printing from my rice, flour and other cotton bags by soaking them in kerosene for several hours.

The bags may be either soaked in kerosene or just dashed with a bit of it, rolled into a ball and left for two or three hours.

I then wash them thoroughly by hand in detergent suds and hot water.

Later, I throw them in my washing machine and run them through the hot water cycle to which I have added a dash of ammonia.

By MRS. CHARLES WRIGHT
(IV-2-4846)

COLUMBIANA — Columbian Square Dance Club will hold its annual Thanksgiving dance from 8:30 to 11:30 p.m. Nov. 9 at South Side School. Round and square dancing will be featured to the music of Joe Hoffman's orchestra. Vince Adrusil will call the dances. Refreshments will be served following the dance. The club is open to membership.

Dr. Louis Cosentino, local chiropractor, will be speaker at the Kindergarten Mothers Club meeting at 8 p.m. Tuesday, at Joshua Dixon School.

death—and an unlawful assembly statute.

If upheld, the order would set a precedent for civil rights demonstrators to go directly to federal court with complaints of excessive bond.

Another significant facet of the order was injunctive restraint against the prosecution of peace warrants, a legal weapon which as come into play recently in fighting integration efforts.

Released on bond of \$2,500 in addition to Perdew were Donald Harris, 23, of New York; Ralph W. Allen, 22, of Melrose, Mass.; and Thomas McDaniel, 19, of Americus. Bond of \$500 was set for Zev Aelony, 25, of Minneapolis.

Released on \$500 bond each were three Americus Negroes, Sallie Mae Durham, 14, and Artis and Marvin Brown. The girl had been denied bail by juvenile court authorities. The two men had been in jail since August, charged with resisting arrest, disorderly conduct and failing to obey officers.

The five leading integration workers—Perdew, Harris, Allen, McDaniel and Aelony—were jailed at the height of street demonstrations which resulted in more than 200 arrests as Negroes sought to break segregation barriers.

spirit of the Bamako conference.

Hassan charged Algeria with attacking Figuig in the southwest corner of Morocco in a panhandle pointing into Algeria.

Ben Bella charged Morocco with attacking women and children with artillery and planes in the Algerian village of Ben Ounif, two miles from Figuig.

The Bamako accord calls for a commission of officers from Algeria, Morocco, Ethiopia and Mali to define the disputed zone from which troops, in theory, would be withdrawn. Ethiopian and Malian troops will police the neutrality of the zone until final settlement.

The next step would be for the 32-nation organization of African Unith to call a meeting of foreign ministers which would appoint a committee to fix the blame for aggression and study the frontier problem and propose solutions.

phoned from New York after seeing Karen's act and invited her to his program.

First runnerup to the new teen queen was Jeanine Zavrel, 16, representing Washington, D. C. A blue-eyed blonde, Jeanine sang a folk ballad, "Two Brothers."

Second runnerup was Eileen Melody Speer, 15, rosy-cheeked charmer from New York City. She danced her strenuous acrobatic ballet in spite of a painful cut and bruised foot which she injured Thursday during rehearsals.

Other semifinalists were blonde Peggy Ann Nielsen, 17, of Seattle, Wash., whose spectacular Samoan fire knife dance was a crowd favorite; Mary Jane Daly, 15, Miami, Fla., who pranced and crowded to the Peter Pan melody, "I Gotta Crow," and honey-blonde Marilyn Roat, 17, of Shreveport, La., who demonstrated similarities between grandma's charleston and today's twist.

Judy's prizes include a four-year-scholarship to a college of her choice, a new car, a trip around the United States, 50 shares of stock in a soft drink company, and cosmetics and clothes.

For her talent, she played a rousing organ rendition of "The Donkey Serenade."

Deaths Funerals

Mrs. Horace Crawford

LISBON — Mrs. Sarah Rebecca Crawford, 66, formerly of Clarkson, died of complications at 8 a.m. Friday at her home here, following a long illness.

Born in Columbian County, she was the daughter of Mr. and Mrs. John Robinson. In 1919, she married Horace Hayden Crawford, who died Feb. 22, 1960. She attended Clarkson Presbyterian Church.

Surviving is one nephew, John Robinson of New Castle, Pa. Services will be at 2 p.m. Sunday at the Warrick Funeral Home in Columbian. Burial will be at Kemble Cemetery near Rogers. Friends may call tonight at the funeral home.

Sunday Closing Law Is Ruled Unconstitutional

YOUNGSTOWN, Ohio (AP) — Municipal Court Judge Don L. Hanni has ruled Ohio's Sunday closing law is unconstitutional.

The judge made the ruling Friday in dismissing charges against Samuel J. Louff of Weller's Department Stores. Louff had been charged twice in September for permitting the department store to remain open on Sunday.

Judge Hanni held the law "is an obvious attempt by the Ohio Legislature to impose observance of the Christian Sabbath on the citizens of the state."

He ruled that the law violates the first amendments to the U.S. and Ohio Constitutions, which provide for free exercise of religion, and the U.S. 14th Amendment, which provides for equal protection under the law.

Four Rogers Groups Plan For Meetings

ROGERS — Four different groups have scheduled meetings for the coming week.

The regular meeting of Village Council will be held Monday at 7 p.m., Mayor Robert McCreary reports.

The Music Parents Association will meet Monday at 7:30 p.m. in Beaver Local High School to make final plans for the Talent Night show which is scheduled Nov. 22 and 23. Mrs. Alwyn Purinton is president.

She has no known relatives.

The daughter of an insurance man, Miss Maxwell was born in Keokuk, Iowa, and moved with her family to San Francisco, where she grew up.

She never was graduated from high school but underwent additional education from her father who had an aversion to schools. She served as a pianist in a nickelodeon, a vaudeville accompanist, partner in a Paris night club, consultant to a dressmaker and a nationally known lecturer.

Her first party for royalty was given in 1921 with Princess Helena Victoria, a daughter of Queen Victoria of Great Britain, as her honored guest.

She admitted that her many friends high in the social world provided her with lavish estates and handsome limousines to abet her party-giving.

Her regular income came from her daily newspaper column and royalties from her books.

Common Pleas Court Docket Decreased

LISBON — Columbian County common pleas courts disposed of 68 cases during October, with the docket showing a net decrease of 2, according to clerk of courts Carl L. Stacy.

Oct. 1 there were 830 cases and 66 cases were filed, making a total of 896. During the month, disposition of 68 cases left a total of 828 pending Nov. 1.

One traffic point system case was terminated.

The court of appeals docket was reduced by 7, leaving 2 cases pending as of Nov. 1.

NEOTA Votes To Censure Rhodes for Lack of Support

CLEVELAND (AP)—The North Eastern Ohio Teachers Association has adopted a resolution that teachers' organizations should have a voice in determining "policies of common concern" with boards of education. The resolution was among several adopted Friday by delegates to NEOTA's annual meeting, attended by 30,000. The group also voted to censure Gov. James A. Rhodes for "failure to live up to campaign promises to the schools," and to change conven-

tion procedure.

On determination of policy, a resolution introduced by Joseph H. Avellone of Cleveland said teachers' organizations should have some say so on such things as discussion of salaries and other conditions of professional service.

Teachers generally have been upset over failure of the governor to increase the state's formula in his budget for financial aid to schools. However, delegates did not go into detail concerning the governor's alleged failure to live up to his promises.

William S. Clark, 51-year-old former vice president of Clark Cable Corp., Cleveland, was convicted in U. S. District court here Friday night by a jury of six men and six women.

Judge Carl A. Weinman ordered a pre-sentence investigation and deferred sentencing. Rowan Greer, Clark's attorney, said there will be an appeal.

Clark was accused of receiving 34 cartons of microfilmed engineering drawings from James L. Redd of Fairborn, who has admitted stealing them.

Delegates voted to change the date of the business meeting to the Saturday before the convention, instead of trying to hold it on the same day as the convention. Wilbur Swartz of Berea, immediate past president of NEOTA, said a special committee has found the present plan kept delegates from attending other meetings going on at the same time.

Problems resulting from the huge influx of teachers also prompted a resolution stating that NEOTA area of at least one county might hold its own meeting under NEOTA direction.

In other action, delegates:

— Endorse the state's \$250 million bond issue.

— Urged that teachers get partial credit toward pensions for night and summer school work.

— Asked that the NEOTA Professional Problems Committee study success of the use of lay assistants in relieving teachers of clerical and other routine chores.

The convention elected Miss Anna Catherine Heiss of Elyria as NEOTA's next president. A graduate of the college of Wooster, she is head of the Business Education Department at Elyria High School. Other officers elected are H. Robert Pollock of Wooster, vice president, and Miss Dorothy Jones of Sebring, recording secretary.

At a meeting of the Association for Supervision and Curriculum Development, which is an NEOTA department, delegates were told it has been indicated more fourth grade children were referred to mental health and psychiatric services for counseling because of classroom adjustment problems than for any other elementary grade.

Dr. Paul Torrance, professor of education at the University of Minnesota, said this was shown by a survey in Los Angeles and experience at the University of Minnesota.

Vance Packard, author of "The Pyramid Climbers," told a general session of NEOTA that teachers compete for their students' morality with educational experts trained on Madison Avenue . . . who are trying to promote immature values in young people.

Executive Faces Prison on Stolen Property Count

DAYTON, Ohio (AP)—A former Cleveland business executive faces a possible 10-year prison term and 10,000 fine—or both—following his conviction on charges of receiving stolen government property.

Teachers generally have been upset over failure of the governor to increase the state's formula in his budget for financial aid to schools. However, delegates did not go into detail concerning the governor's alleged failure to live up to his promises.

William S. Clark, 51-year-old

from Wright-Patterson Air Force Base. The government claimed Clark knew they had been stolen.

Clark Cable has been awarded many government contracts in recent years, and the drawings that were stolen reportedly could have supplied the firm with information about its competitors.

Clark denied he opened the cartons, and said his company gained nothing from them.

"Why have Salem Area families pinned the blue ribbon on me, O. Howie Hustles, the Salem News Classified Ad?"

"That's an easy question. It's because I make them money, save them time and solve many of their problems. And I'll do it for you too."

"You'll agree it's hard to find a fellow like me, because I work day and night (weekends too) putting advertisers in touch with just the right people. I bring tenants to people with places to rent, workers to the companies that need help, and buyers galore for families and businesses that have things to sell. I find lost pets and valuables, bring borrowers to people with money to spare, and dig up people to buy businesses, farms, homes and even tents! I make announcements like crazy, and even get "personal" in "Personals" if you say so."

"You're probably thinking that a guy as talented and versatile as I am costs a lot to hire . . . but the pleasant fact is my services are as economical as they are varied, and I come in any size you choose. For example, I work for you in my 3 line size for just 27c daily on the low 6 day plan. Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Last June our son went with the rest of his senior high school class on a trip to Upper Michigan. On the trip Irving met a girl from a Detroit high school.

She gave him a line about how she had fallen in love with him at first sight and that he was the nicest, most attractive, most fascinating fellow she had ever met. When Irving got home he was in a haze—bumping into doors, not hearing his name called—and so on. He told me he was in love and this was the only girl in the whole world for him.

Irving has since written her 12 letters and she has not answered one. He even wrote to her family telling them how lovely she is.

Now he wants to go to Detroit to see her. All he has is her address. I'm afraid he will get lost because he never has been out of Flint alone. Should we let him go and get lost or what? He has a job and has saved his own money. Please advise at once.—BESIDE MYSELF.

Dear Bessie: Let him go. Some people must get their lumps the hard way. The girl probably will tell Irving to get lost but a high school graduate should be able to find his way back to Flint from Detroit.

When the boy returns don't ask him a single question. He'll appreciate your leaving him alone.

Tired of Retirees

Dear Ann: My uncle and aunt are both in their middle 60s. Uncle Alf retired two years ago. They are not poor people, Ann. In fact they are better off than most of the family.

The first thing they did was sell their home and move into a

Haunted by Past

Dear Ann: I have had two children out of wedlock. My girl is 3 and my boy is 2. I'm now happily married and my husband is a wonderful father to the children. He never once has thrown my past up to me.

We can't afford to have the children's name changed legally right now because we owe a lot of bills and are trying to get our credit rating back in good shape.

The children never have known any father but the one they have now. I would hate to tell them about my life. But what will I say when they ask me why their last name is not the same as mine? Please advise me.—ESTELLA.

one-room apartment. They've been at home exactly seven weeks out of the last two years. The rest of the time they have moored off relatives.

Everyone in the family is sick of their spawning. Their only expenses are gas and oil. They never have bought a pound of ham or an orange. Not once have they offered to take anyone to eat in a restaurant. They never bring a gift when they arrive or send a thank you letter when they get home.

We have had them here twice—for six weeks at a time—and today we received a letter saying they will be with us for Christmas. I'm ready to flip my wig. What can we do?—BITTERLY RESENTFUL.

Dear Bitterly: If you allow these parasites to invade your home a third time you deserve them.

Write the free loaders and tell them you are not up to having guests this year and that you will let them know when the situation changes.

East Liverpool Completely Outclasses Salem 48-6

Begalla Gets
Quakers' TD

Potters Dominate
Game Throughout

By MARK W. MILLER
New Sports Editor

A superior East Liverpool football team completely outclassed Salem 48-6 in the annual clash between the two schools at Patterson Field Friday night.

The outcome was signaled from the start when East Liverpool took the opening kickoff and marched 63 yards in the first five minutes of the game for a touchdown.

Liverpool picked up 300 yards on the ground almost at will. Everything seemed to work for the Potters, who carved out big chunks of yardage up the middle, around the ends and through the tackles.

Tackling was Salem's major problem last night. Much of the time, the Quakers were bringing down the East Liverpool ball carriers from the waist up, which gave the winners extra yardage.

SALEM DISPLAYED courage all the way and never gave up, but East Liverpool was the best all-around football team the Quakers have faced all season.

For Coach Bob Hedmond's juggernaut, it was their seventh victory in nine starts. Salem was dealt its sixth defeat in nine tries.

George Begalla, Salem's hard nosed fullback, without a doubt was the best player on the field both offensively and defensively. He played the better part of three periods with a sprained ankle.

With 2:36 left in the third period, the 209-lb. senior reinjured the ankle and was sidelined for the rest of the contest.

UP TILL THAT time, Begalla scored Salem's only touchdown, picked up 68 of the 72 yards gained on the ground by the Quakers, and played solid defensive ball.

Bob Bowyer, Earl Olmstead and Bob Forzano shared the carrying duties in East Liverpool's first TD drive, with Olmstead sweeping his own right end for 19 yards and the first six points.

East Liverpool dominated play in the initial period, controlling the football for 21 of 25 plays. The Potters made seven first downs and completed two consecutive passes.

In Salem's only series during the quarter, three players netted two yards rushing on the ground.

Early in the second frame, halfback John DiPasquale of the Potters took a high lobbing pass from quarterback Forzano on an "option situation" and sprinted around right end for 12 yards and a TD.

OLMSTEAD INTERCEPTED a pass from Salem's Earley and returned the football to the Quakers' 12 to set up the next touchdown.

After a motion penalty put the Potters back on the 23, a pass from substitute quarterback Bob Maltarich, junior, threw an incomplete pass intended for right end Bill Hall. Hall then sprung Forzano loose with a great block and the fleet footed athlete raced the 23 yards to paydirt to give East Liverpool a 20-0 margin.

Halfback Cody Goard returned the next kickoff for Salem to the Quakers' 40-yard stripe. Salem then displayed its best offensive punch of the evening.

WITH BEGALLA CARRYING the pigskin 10 of 12 times, Salem marched the distance for its only touchdown, with the strong fullback hanging over from three yards out.

WITH 10 SECONDS LEFT to go in the half, the Potters put the game out of reach, when Hall caught a 38-yard pass from Maltarich for a touchdown to give the winners a 26-6 spread at intermission.

A beautiful 51-yard punt to the Salem one by Dave Oliver put the Quakers in trouble four minutes into the third stanza.

Begalla moved the ball to the six in two thrusts at the Liverpool defense. Earley then back to pass in his own end zone fumbled and Howard Lambert recovered for Salem and the Potters picked up a two-point safety.

Minutes later, following the next kickoff, Olmstead scored his second TD of the game for East Liverpool on a counter off tackle for seven yards.

Long Runs Feature Sebring's 32-30 Triumph Of Leetonia

Long runs by Mel VanFossen and Phil Coseno for Leetonia Bears and Cecil Bailey and Bob Riden of Sebring were featured in a wide-open Tri - County League grid match Friday night when Sebring barely slipped by the Bears, 32-30.

Bailey dazzled the chilled crowd with an 80-yard return of the second half kickoff, the little back zig-zagging through the Bear defenders then speeding along the sidelines for the tally. Equally shocking to Bear partisans was an electrifying 90-yard punt return by Riden for the first score of the game. Bailey also scored on a 12-yard dash.

Also in on the scoring were

Bear Dave Conrad who capped a 63-yard march with a two-yard plunge and Jim Schwartz off with a one-yard plunge for a Sebring score after Courtney recovered a Leetonia fumble on

sprint that capped a 52 - yard drive and Coseno ran for the two points.

Coseno scampered for 37 yards into the end zone for the Bears' second tally.

The first and second halves of the game were almost turn - about Leetonia dominating the scoring in the early quarters and leading 26-6 at half, while Sebring put on steam in the second half, outscoring the Bears 26-8 in those periods.

Former Eagles' Tackle Placed On Browns' Roster For Sunday

CLEVELAND (AP) - Jim McCusker, starting offensive tackle for Philadelphia for three years and a member of their 1960 National Football League championship team, has been placed

on the Cleveland Browns' roster and will play against the Eagles in Philadelphia Sunday.

To make room for the 250-

lb McCusker, the Browns have

asked players on rookie Tom

Goosby from Baldwin - Wallace. Goosby was activated only a week ago, but reinjured his knee in practice Thursday. The injury is not serious.

McCusker has been working out with the Browns since before the start of the regular season. Sunday's game will be the start of his fifth professional season. The former University of Pittsburgh star was the second draft choice of the St. Louis Cardinals in 1958, but was swapped to the Eagles before the next season.

The former Eagle played most of last season with a torn knee cartilage. An off season operation mended the damage and he has been pronounced in fine shape.

The Browns had an offensive drill Friday and were to have a final workout this morning before leaving for Phila. The Eagles have confirmed King Hill will start at quarterback and said there is no chance Sonny Jurgensen will play. They indicated that defensive end Bill Quintin will be sidelined also.

Cleveland must beat the Eagles to remain in undisputed possession of first place in the Eastern Division. The New York Giants and the St. Louis Cardinals, tied for second, game back of the Browns, bumbleheads.

The Browns lost last Sunday to the Giants, 33-6, but appear to be in excellent health. Only tackle Bob Gain is a doubtful starter, but he may play.

The Browns announced Friday that flanker Ray Renfro, in his 12th year with Cleveland, will be honored with a "day" during the last home game, against Dallas Nov. 24.

Although it could be Renfro's last game at Cleveland Stadium, President Art Modell said the honor doesn't necessarily mean Renfro is retiring. Renfro has been bothered with pulled muscles this fall and has caught only two passes. One was good for 39 yards and a touchdown.

THE BULLDOGS gained 133 yards rushing and were unsuccessful in the air on five tries. Louisville led in first downs, 12 to 8.

Minor first hit pay dirt with eight minutes to go in the first period on a fine 67-yard run through the center, completing a 70-yard drive. Bill Givens was successful in his conversion run.

The Bulldogs bounced back for their lone tally midway through the third period when junior halfback Bill Istnick ran eight yards through the center after East Palestine had marched 63 yards. The run for extra

persons interested in participating in this sport, and team sponsor, should attend this important meeting.

League play has been set up to start on the approximate date of Nov. 25.

Beaver Local Handed 47-36 Setback By Toronto In Free-Scoring Clash

A seesaw battle between Beaver Local and Toronto Friday night, in which the outcome was in doubt until the final minutes, found the visiting Beavers on the short end of a 47-36 score.

The hosts capitalized on breaks to whip Coach Ed Stevens' charges, while the Beavers could have pulled the game out in several instances, but failed to do so.

Perry Dumps West Branch Squad 38-8

West Branch Warriors fell victim to Canton Perry Friday night, 38-8, as the Stark Countians mustered a powerful rushing attack.

The defeat gave West Branch a 3-6 record for the year.

Perry outrushed the Warriors 39 yards in 48 tries to 119 yards in 42.

Tom Preussler was Perry's big gun, scoring three times. He opened the Perry point-gardening, rambling 13 yards, nabbed a Warrior pass and raced 36 yards to score in the 2nd quarter, and ran his tallies to three with a three-yard run in the third frame.

West Branch's lone TD came when Jack Benner, second string fullback, banged over from one-yard out after a 71-yard drive. A pass from Gary Barber to Jon Yeagley was good for two points.

Minerva Routs Poland 30-12

Minerva hung a 30-12 defeat on Poland Friday night as the powerful Lions tuned up for next week's big match with undefeated Louisville.

The Lions played a game of ball control, permitting the Bulldogs only seven plays in the first half of play. In total Minerva had the ball for 71 plays against Poland's 23.

Minerva drew first blood when Don Allen plunged over from three yards out, then ran for the two points. Dave Starkley added another TD on a six-yard run and the Lions rang up their third marker on a 20-yard pass from Bob Davis to Orin Oakes.

Both of Poland's tallies were the gift of sensational Nestor Rotz, senior left halfback, who returned two kickoffs for 81 and 88 yards.

Minerva's record now stands at 7-2. The Lions play host to Louisville Leopards in a crucial duel next weekend while Poland will face Girard.

Fall Weather On Tan For Grid Clashes

By TED MEIER Associated Press Sports Writer

Good football weather for a change has been forecast for most of the big games on college gridirons today. That means the fair, but nippy temperatures usually associated with the fall sport instead of the shirt-sleeved weather that prevailed most of October.

About the only warm spot promises to be the Cotton Bowl in Dallas where unbeaten and untied Texas, top-ranked in the Associated Press national poll, tries for its seventh straight victory against Southern Methodist. The forecast was for 70-degree temperatures.

In Chicago, where President Kennedy is expected to watch the Army-Air Force struggle at Soldier Field, the temperatures will be in the 40's. This also goes for the Navy-Notre Dame clash in South Bend, Ind., and the Purdue-Illinois clash at Champaign, Ill.
